

BrightDime is a digital financial wellness solution designed to create real results and enhance financial well-being for all employees.

Integrated, User-Friendly Platform: BrightDime creates a holistic view of the employees financial picture by adding their financial accounts in one quick, secure step and then updates and organizes the data giving them a simplified way to see where they stand.

Highly Personalized Coaching and Content: BrightDime provides personalized, real-time coaching via in-app chat and offers customized, relevant content based on their financial profile.

Unbiased, Independent and Confidential: BrightDime does not sell anything. We are an unbiased, trusted partner whose only incentive is to enhance employee financial well-being. Privacy is paramount: employee information is never shared with the company.

Accessible, Secure, Modern Technology: BrightDime provides a user friendly, always available, secure and consistent experience across desktop, tablet and mobile devices.

BrightDime can help employees with a wide range of financial issues.
